

Sardich MC is always committed to improving the environmental protection, occupational health and safety, and quality control, which constitute a part of the policies of the Integrated Quality Management System, for the purpose of achieving the ultimate goal - reducing adverse impacts on nature and people.

In this regard, on 29.09.2017 Sardich MC successfully implemented its Integrated System as per the following standards: ISO 9001:2015, ISO 14001:2015, and OHSAS 18001:2007, which is yet another proof of the company's commitment to building trust among its clients.

Sardich MC is dedicated to the continuous improvement of the quality of its services, its environmental performance, and the health and safety of people living in populated areas in the vicinity of the production complex at all stages of business planning, development, and production.

In accordance with the regulations adopted by the Ministry of Environment and Physical Planning of the Republic of Macedonia, Sardich MC will continue to implement its undertaken obligations arising from the obtained decisions and permits, which will eventually result in obtaining an A-Integrated Pollution Prevention and Control Permit.

The obtained certificates are attached to this press release.
