

2017 YEAR RESULTS

After signing the mining contract with the mining contractor in August 2016 Sardich MC started mining operations.

During 2017, blasting, loading, crushing of copper ore located on the upper floors of the mine, as well as its sorting, transportation and placement on leaching heaps for further processing were carried out.

By the end of the year, **more than 100 thousand tons** of copper ore were placed on the heaps.
