

**SARDICH MC DONATED FIREWOOD TO PRIMARY SCHOOL CVETAN DIMOV IN KAZANDOL**

With this activity, which took place on December 15, Sardich MC continued its charity work, emphasizing once again the social responsibility of the Company and the relationship that the Company is developing with the residents of Kazandol and the Municipality of Valandovo.

This time it was decided to donate the firewood obtained from the area where Sardich MC's mine complex is being constructed to Primary School Cvetan Dimov in Kazandol, the reason being that the school uses wood-fueled heating, and for the purpose of improving the learning conditions for the students from Kazandol.

On this occasion, the Director of Sardich MC, Boshko Sibinovski, was awarded an honorary award by the Director of the primary school for, as he pointed out, the socially responsible and humane gesture of the Company toward the primary school and the students from Kazandol. During the event, Mr. Sibinovski pointed out that Sardich MC will continue to carry out such charity activities, and asked the school representatives to provide information about any specific school needs that could be met by the Company.

**SARDICH MC DONATED FIREWOOD TO PRIMARY SCHOOL CVETAN DIMOV IN KAZANDOL**

In addition to the above activity, over the last year Sardich MC has donated firewood to several families receiving welfare in the Municipality of Valandovo and announced that it will continue to carry out socially responsible activities aimed at support and care for the people.
